Launched in 2006, HANA Flavored Sake blends traditionally brewed Junmai sake with natural fruit flavors for a vibrant, approachable experience. The HANA brand expands with a refreshing new offering: **HANA Flavored Sparkling Sake**.

Delivering the same bright aromas and bold flavors as the original HANA Flavored Sake, **HANA Flavored Sparkling Sake** adds a lively effervescence and comes in a convenient ready-to-drink can.

**HANA Flavored Sparkling Sake** is dynamic and accessible – easier to enjoy than ever. It embodies the essence of the HANA name, which means “flower” in Japanese.

# HANA Flavored Sparkling Sake Fuji Apple

**Personality:** Fresh and Juicy

**Description:** HANA Flavored Sparkling Sake Fuji Apple is clear and colorless, with a lively stream of fine bubbles. Aromas of fresh, crisp Fuji apple rise immediately upon opening. The palate delivers an intensified apple character reminiscent of jellied apple candy, supported by subtle notes of lightly salted melon, mineral, and apple peel. The delicate effervescence adds a creamy texture and a pleasant, tingling finish.

**Recommended Temperature & Serving:** Serve well-chilled at 45°F or below; white wine glass optional.

**Food Pairing Suggestions:** HANA Flavored Sparkling Sake Fuji Apple is flavorful and refreshing, excellent on its own or for celebratory toasts. Its bold apple flavor and delicate sweetness also complement a wide range of foods, including:

- **Crunchy, salty foods** such as potato chips, fried chicken, or Japanese curry bread (*kare pan*)
- **Prosciutto and other cured meats**
- Pizza and pasta carbonara
- Japanese cutlet sandwich (*katsu sando*) and other sandwiches with chicken salad, turkey, or cheese
