Launched in 2006, HANA Flavored Sake blends traditionally brewed Junmai sake with natural fruit flavors for a vibrant, approachable experience. The HANA brand expands with a refreshing new offering: **HANA Flavored Sparkling Sake**.

Delivering the same bright aromas and bold flavors as the original HANA Flavored Sake, **HANA Flavored Sparkling Sake** adds a lively effervescence and comes in a convenient ready-to-drink can.

HANA Flavored Sparkling Sake is dynamic and accessible – easier to enjoy than ever. It embodies the essence of the HANA name, which means “flower” in Japanese.

HANA Flavored Sparkling Sake White Peach

Personality: Playful and Succulent

Description: **HANA Flavored Sparkling Sake White Peach** is clear and colorless, with fine, lively bubbles. Its aroma bursts with the inviting scent of fresh white peaches. On the palate, it evokes the experience of biting into a ripe peach—the juicy flesh, the sweetness of the skin, and a whisper of welcome bitterness from the pit. The finish remains fruity, accented by a hint of salinity. The mouthfeel is delicately creamy, with a bright, refreshing tingle of peachy acidity.

Recommended Temperature & Serving: Serve well-chilled at 45°F or below; white wine glass optional.

Food Pairing Suggestions: HANA Flavored Sparkling Sake White Peach is bold, summery and delightful on its own anytime. While not overly sweet, its rich, fruity flavor makes it a wonderful alternative to Moscato d’Asti or a Bellini cocktail. It also pairs beautifully with:

- **Breakfast or brunch dishes** such as eggs and bacon, omelets or waffles, and fresh fruit salad
- Aged cheeses and soft, creamy cheeses
- Cured meats like prosciutto or jamón
- **Spicy Asian-inspired dishes**, including Thai cuisine and Korean fried chicken
- Lightly sweet desserts such as unfrosted cakes, almond-based pastries, or fruit tarts
